

April 6, 2020

Ms. Ewa SYNOWIEC  
Director  
Sustainable Development Economic Partnership Agreement  
DG-TRADE, EUROPEAN COMMISSION

Mr. Bernard VAN GOETHEM  
Director  
Crisis management in food, animals and plants  
DG-SANTE, EUROPEAN COMMISSION

**Subject : Reply regarding export certificates**

Dear Directors,

I would like to appreciate the support of the European Union (EU) in providing a temporary working solution to the delayed arrival of original paper export certificates amid the COVID-19 pandemic. Korea will do all we can to send original paper certificates along with consignments. However, if it is not possible, the Korean competent authorities will send scanned copies of original paper certificates to the BCPs.

In order to prevent any trade disruption from the COVID-19 pandemic, Korea will also conduct temporary measures as below determined through consultations among competent authorities, namely the Ministry of Agriculture, Food and Rural Affairs (MAFRA), Ministry of Food and Drug Safety (MFDS) and Ministry of Oceans and Fisheries (MOF).

- Original export certificates (including duplicate) should be submitted accompanying the consignments, in principle.
- If it is not possible to submit original papers, copies of original paper certificates (scanned colour copies) sent from EU competent authorities or EU Delegation to Korea to our Food Inspection Offices or Quarantine Services will be accepted.
- Original paper certificates (including duplicate) should be submitted as soon as technically feasible when airport transport restrictions are resolved.

Scanned copies of original paper certificates should be sent by electronic messages, from a mailbox belonging to the EU quarantine authorities or EU delegation to Korea to the mailbox belonging to the Quarantine Services of MAFRA / MOF, or Import Management Division of MFDS of the point of entry in Korea. Please see the attachment. I ask the EU delegation to Korea to provide contact details of the EU competent authorities to whom our quarantine offices can refer on any issues.

This measure proposed above is only temporary for two months (by May 31) due to the COVID-19 outbreak. I hope that we can continue our consultations by following further development of the current situation.

Yours sincerely,

Jae-hong Chang, D.V.M.  
Director  
Quarantine Policy Division  
International Cooperation Bureau  
Ministry of Agriculture, Food and Rural Affairs
