Import Requirements: (This section is currently blank)											
CONDITIONS IMPORTANT - Importers should ensure that if the conditions below are not strictly observed, delivery of the plant matter listed in this permit may be refused. (a) The imported material must be free from soil and must be found to be free from any evidence of disease or insect infestation of any kind, and from soil-borne plant pathogens, including weeds, not listed in the permit. (b) The importation must be accompanied by original Phytosanitary Certificate issued by a recognised agricultural or biosecurity authority of the country in which the plants were grown, which shall certify: (i) that the plants are believed to be free from all forms of disease or insect infestations. (c) The importation must be packed in clean new polybags/bags not previously used for any purpose and must not be packed in hay, straw, shells etc. or any decomposing material. (d) Any non-compliance of the above conditions will result in the revocation of the import permit and destruction of the imported plant product and any other actions taken as directed by the Executive Chairman/CEO Biosecurity Authority of Fiji and all at the importer's expense.											
All of the above conditions must be strictly observed except those deleted and initialed by the issuing officer.											
Name of Authorized Officer Biosecurity Authority of Fiji		Signature of Authorized Officer Place of Issue
