Importer is authorized to import plant material under the Ministry of Agriculture and Food Security (MAFS) conditions

All imported goods are subject to inspection on arrival to check if they comply with permit conditions and free from contamination. A commodity that does not comply with import conditions as per Act No. 26 of 1967 is subjected for seized, treated, re-exported, or destroyed at the importer's expense. It is the responsibility of the importer to ensure that the consignment complies with the regulations as per Act of MAFS Lesotho through the Plant Protection and Quarantine Section.

This permit is issued to ensure that plant and plant material are free from pests before they can be imported to Lesotho. Import conditions are subjected to change at the discretion of Director of Agricultural Research (DAR) on behalf of the Principal Secretary of MAFS and permit can be withdrawn without notice.

DAR should be notified for all plant, plant material, soil, and medium goods to be imported in Lesotho including the point of entry.
