

MINISTÉRIO DA AGRICULTURA E PECUÁRIA
SECRETARIA DE DEFESA AGROPECUÁRIA
DEPARTAMENTO DE SANIDADE VEGETAL E INSUMOS AGRÍCOLAS

OFÍCIO Nº 12/2024/DSV/SDA/MAPA

Brasília, 02 de janeiro de 2024.

To

Ms. Karola Schorn
Federal Ministry for Food and Agriculture
Rochusstr. 1, D'53123 Bonn, Germany

....

Subject: Phytosanitary requirements for *Capsicum annuum* seeds.

Dear Ms. Karola Schorn,

We hope this communication finds you well.

...

In view of your comments, the Additional Declarations accepted for *C. annuum* seeds from Germany are:

"The consignment is free from *Potato spindle tuber viroid*, *Tobacco rattle virus* e *Tomato brown rugose fruit virus*, according to the results of the official laboratory analysis No. ()..";

"The consignment is free from *Pepper chat fruit viroid* and *Tomato ringspot virus*, according to the results of the official laboratory analysis No. ()" or "*Pepper chat fruit viroid* and *Tomato ringspot virus* are not present in Germany."; and

"The consignment is free from *Tomato bushy stunt virus*, according to the results of the official laboratory analysis No. ()" or "The place of production was inspected during the reproductive stage of the crop and is free from *Tomato bushy stunt virus*." or "*Tomato bushy stunt virus* is not present in Germany.".

The phytosanitary requirements can be found on the website <https://mapas.agricultura.gov.br/ddiv/arp/oracle/pvti2.asp> (portuguese only) and they will be required from December 29, 2023, onwards.

With best wishes,

EDILENE CAMBRAIA SOARES

Director of the Department of Plant Health and Agricultural Inputs

NPPO of Brazil
