

# General Administration of Customs of the People's Republic of China

## Announcement

No. 219, 2025

Nov. 7, 2025

In order to further strengthen the traceability management of imported agricultural products and improve the efficiency of customs clearance, and in accordance with the "Law of the People's Republic of China on the Entry and Exit Animal and Plant Quarantine" and its implementing regulations as well as other relevant provisions, the regulatory requirements concerning the import declaration of overseas enterprises exporting agricultural products to China are announced as follows:

I. Pursuant to the International Standards for Phytosanitary Measures (ISPM), the General Administration of Customs of the People's Republic of China (GACC) conducts quarantine risk analysis on imported agricultural products, and determines and publicly announces, in light of international practices, the Catalog of Imported Agricultural Products Requiring Official Recommendation and Registration of Overseas Enterprises (hereinafter referred to as the "Catalog"), which is available at: <http://dzs.customs.gov.cn/dzs/2747042/6787828/index.html>. Importers shall ensure that the agricultural products imported under the Catalog are sourced from properly registered overseas enterprises as released by the customs.

II. Registered overseas enterprises may search for their status via the "Quarantine Registration List of Overseas Animals and Plants and Relevant Products" available at: <http://dzs.customs.gov.cn/dzs/2747042/6787828/index.html>, or via the "Animal and Plant Quarantine Information" module under the "I Want to Search" section on the "Internet + Customs" platform by visiting: <https://online.customs.gov.cn/ociswebserver/pages/dzjxxcx/index.html>.

III. When declaring the import of agricultural products listed in the Catalog, importers shall appropriately fill in the Chinese registration number or registration number in China of the overseas enterprise in the box for the certificate of "Registration of Overseas Enterprises Engaged in Production, Processing, and Storage of Import Animals, Plants and Their Products" (License Code 302) under the "Product Qualification" section of the Customs Declaration Form or the Recordation List. If the same Customs Declaration Form involves multiple commodity items, the corresponding Chinese registration number or registration number in China for each enterprise shall

be filled in separately .

This Announcement shall come into effect on 15 December 2025.
