MINISTRY OF AGRICULTURE AND LIVESTOCK

ORDINANCE SDA/MAPA Nº 1686 Of 15th SEPTEMBER, 2026

ESTABLISHES THE PHYTOSANITARY REQUIREMENTS
FOR THE IMPORTATION OF LIATRIS SPP.
PROPAGATIVE MATERIAL FROM ANY ORIGIN

THE SECRETARY OF AGRICULTURAL PROTECTION, OF THE MINISTRY OF AGRICULTURE AND LIVESTOCK, in the use of the attributions conferred on it by arts. 23 and 48 of Annex I of Decree No. 12.642, of October 1, 2025, in view of the provisions of Decree No. 24,114, of April 12, 1934, in Decree No. 1,355, of December 30, 1994, in Decree No. 5,759, of April 17, 2006, in MAPA Ordinance No. 65, of March 30, 2021, in Normative Instruction No. 25, of April 7, 2020, and what is contained in Process No. 21000.014320/2025-83, resolves:

Art. 1º The phytosanitary requirements for the import of propagating material (Category 4) of *Liatris* spp., of any origin, are hereby established.

Art. 2º A consignment of *Liatris* spp. corms must be accompanied by a Phytosanitary Certificate, issued by the National Plant Protection Organization - NPPO of the country of origin.

Single paragraph. The phytosanitary certificate must contain the following Additional Declaration:

I - "The consignment is free from *Ditylenchus dipsaci*, *Ditylenchus destructor*, *Nepovirus arabis* and *Nepovirus lycopersici*, according to the result of the official laboratory analysis No ().".

Art. 3º A consignment of *Liatris* spp. seeds must be accompanied by a Phytosanitary Certificate, issued by the National Plant Protection Organization - NPPO of the country of origin.

Single paragraph. The phytosanitary certificate must contain the following Additional Declaration:

I - "The consignment is free from *Nepovirus arabis* and *Nepovirus lycopersici*, according to the result of the official laboratory analysis No ().".

Art. 4º A consignment of *Liatris* spp. in vitro seedlings must be accompanied by a Phytosanitary Certificate, issued by the National Plant Protection Organization - NPPO of the country of origin.

Single paragraph. The phytosanitary certificate must contain the following Additional Declaration:

I - "The consignment is free from *Nepovirus arabis* and *Nepovirus lycopersici*, according to the result of the official laboratory analysis No ()" or "In vitro seedlings are derived from mother plants that have been analyzed and tested and found to be free from *Nepovirus arabis* and *Nepovirus lycopersici*."

Art. 5º According to the status of the pest in its territory, the country of origin may, alternatively, declare for the regulated pests mentioned in art. 2º, 3º and 4º:

I - "(Name of pest/s) is an absent quarantine pest for (country of origin)."; or

II - "(Name of pest/s) is not present (country of origin)."

Art. 6º The country of origin must previously communicate, for approval by the National Plant Protection Organization - NPPO of Brazil, the Additional Declaration that will be used in the issuance of the Phytosanitary Certificate.

§ 1º If there is no prior communication and approval provided for in the caput of this article, the country of origin must comply with the provisions of art. 2º, 3º and 4º, being unable to use the alternative declarations provided for in art. 5º.

§ 2º The country of origin must inform the National Plant Protection Organization - NPPO of Brazil, when there is a change in the status of the pests in its territory.

Art. 7º The consignments are subject to phytosanitary inspection at the point of entry in Brazil, as well as the collection of samples for phytosanitary analysis in official laboratories or laboratories accredited by the Ministry of Agriculture and Livestock.

§ 1º The costs of sending the samples and the phytosanitary analysis mentioned in the caput will be borne by the interested party.

§ 2º At the inspection's discretion, the interested party may remain as the depositary of the remainder of the consignment until the inspection process is completed.

Art. 8º In the event of interception of a quarantine pest or a pest that presents quarantine potential for Brazil, the consignment will be destroyed or rejected and the National Plant Protection Organization - NPPO in the country of origin will be notified.

Single paragraph. In case of a situation described in the caput of this Article the National Plant Protection Organization - NPPO in Brazil may suspend importation of propagative material of *Liatris* spp. until the review of the Pest Risk Analysis.

Art. 9º The consignment will not be internalized when it fails to comply with the requirements established in this Ordinance.

Art. 10º This Ordinance enters into force on the date of its publication.

CARLOS GOULART
