GOVERNMENT NOTIFICATION

Subject: Seed Rules and Regulations of Bhutan 2018

In exercise of the authority granted by Section 21.2 of the Seed Act of Bhutan 2000, the Ministry of Agriculture and Forests is pleased to issue the Seed Rules and Regulations of Bhutan 2018 to facilitate the implementation of the provisions of the Seed Act of Bhutan 2000. The Rules and Regulations will come into enforcement with effect from 1st July 2018 and shall supersede the Seed Rules and Regulations of Bhutan 2006 and all previous orders and any amendments issued till now.

The concerned agencies as mentioned in the Seed Rules and Regulations of Bhutan 2018 shall be responsible for the implementation of this Rules and Regulations.

Yeshey Dorji

ESTABLISHMENT OF BOARD AND MANAGEMENT

National Seed Board

4. In accordance with Section 3 of the Act, the Ministry hereby establishes a National Seed Board to advise on matters arising out of the administration of the Act and to carry out the functions assigned to it.

Members

5. The National Seed Board shall consist of the following members:

- (i) Hon'ble Secretary, MoAF, Chairperson;
- (ii) Head of the Department, DoFPS, member;
- (iii) Head of the Department, DoL, member;
- (iv) Head of BAFRA, member;
- (v) Program Director, National Seed Centre, member;
- (vi) Program Director, National Biodiversity Centre, member;
- (vii) One representative of Pvt. Seed Company, member;
- (viii)One representative of Farmer, member;
- (ix) Subject Matter Specialist (need based); and
- (x) Head, Department of Agriculture, member secretary.

Function of the National Seed Board

6. The National Seed Board shall carry out the following functions:

- (1) Advise the Ministry regarding notification of such kinds/varieties of seeds which it deems necessary or expedient to regulate the quality of seeds;

- (2) དྲୋ-ନା-ମା-ରୁଷ-ଶଶର-କ୍ଷେତ୍ର-ଶା-କ୍ରୂ-ଶିଶ-ଶୁଦ୍ଧ-ପଦ୍ଧି- ଶଶର-କ୍ରୂ-ର-ବସନ୍ତ-ପଦ୍ଧି-ନ୍ତ୍ରୋ-ନା-ମା-ରୁଷ-କ୍ରୂ-

Rules of Procedure

7. The National Seed Board shall function in accordance to the procedure prescribed herein:

- (1) Two-third member of the Board shall constitute a quorum to convene a meeting
- (2) The Board meeting shall convene at least once in a year
- (3) Where a member is not able to attend the meeting, a suitable candidate maybe nominated by the concerned member with the approval of the Chairperson prior to the meeting.

Variety Release Committee (VRC)

8. In accordance with Section 3.4 of the Act, the National Seed Board shall establish a Variety Release Committee for the purpose of assessing new varieties for release, and recommending notification of varieties.

Functions of the Variety Release Committee

9. The Variety Release Committee shall carry out following functions:

- (1) Establish and adopt standard procedures for release of a variety;
- (2) Invite proposals for release of varieties as per the prescribed Performa in Annexure IA- Field crops, Annexure I B- Horticulture crops, Annexure I C- Feed and Fodder crops and Tree species.
- (3) Scrutinize variety release proposals and formally accept for release or reject proposals;

 (3) శాస్త్రమాయసాంస్కృతమార్గించుకొను (ప్రమాదీలు)

- (4) Propose for notification of new varieties to National Seed Board;
- (5) Propose for de-notification of obsolete varieties from national list. The implementation of de-notification shall be done in a phased manner with the sale of the existing stocks and the discontinuation of certified seed multiplication followed by foundation seed and basic seed;
- (6) Coordinate with Bhutan Agriculture and Food Regulatory Authority to enlist and update as and when necessary a comprehensive list or records of released and notified varieties in the country;
- (7) Maintain proper records of all released, registered, notified and de-notified varieties/kinds of seeds;
- (8) Ensure that all private seed companies interested in seed enterprise and variety development are registered;
- (9) Liaise with National Biodiversity Centre in maintaining germplasm of the obsolete varieties in the national genebank;
- (10) Formulate guidelines for considering varieties introduced from public and private programmes as per the existing variety release guidelines; and
- (11) Convene VRC meetings annually or as and when required.

Variety Release Committee Member

10. The Variety Release Committee shall consist of following members:

- (i) Director, DoA, Chairperson
- (ii) Advisor, DoA, member

- (4) The Variety Release Committee shall regularize all the existing and newly released varieties as notified kinds or varieties of seeds; and
- (5) The Variety Release Committee shall formally accept or reject seeds for release.

Notification of Varieties

12. In accordance with Section 4 of the Act, the Minister shall notify the kinds or varieties of seeds in the country on the recommendation of the National Seed Board.
13. Notification of varieties shall apply to the following two categories of varieties:

- (1) Any kind of variety, either introduced or traditional, which is grown on a commercial scale, and if the Variety Release Committee is of the opinion that it is necessary or expedient to regulate the quality of seed in public interest; and
- (2) All crop varieties assessed and proposed for release by Variety Release Committee.

Procedure for Notification of Varieties

14. Notification of varieties shall comply to the following procedure:

- (1) The Variety Release Committee shall submit varieties to the National Seed Board for approval for the purpose of notification. The National Seed Board after considering all facts may recommend the notification of such varieties wholly or partially;

Registration of Nursery Operator

15. Registration of nursery operator shall comply to the following requirements:

- (1) The commercial nursery or seeds operator shall obtain a trade license to operate a business from Department of Cottage and Small Industries, Ministry of Economic Affairs upon issuance of technical clearance from relevant Department and recommendation from Bhutan Agriculture and Food Regulatory Authority issued under Annexure II;
- (2) Nursery operation license shall not be used for import and export of seeds or seedling; and
- (3) The nursery operator can grow and sell only the notified kinds or varieties

Registration as seed growers

16. Bhutan Agriculture and Food Regulatory Authority shall be the Central Registry responsible for maintaining the list of all the seed growers in the country.

17. The application to be registered as seed growers in the country shall comply to the following procedure:

- (a) An application shall be submitted to the Bhutan Agriculture and Food Regulatory Authority in the format prescribed in **Annexure III** for registration along with a copy of trade license; and
- (b) Upon acceptance of the application, Bhutan Agriculture and Food Regulatory Authority shall provide a registration number in a standard format as provided in **Annexure IV** to the proprietor of the nursery or enterprise or the company.

REGULATION OF SALE OF SEED

Domestic Use of Seeds

21. Any farmer shall be allowed to engage in small-scale exchange and local sale of their traditional varieties, if the varieties for exchange or sale are not covered under Rule 13 of this Rule and Biodiversity Laws.

22. Any person with valid trade license for seed business shall be allowed to carry out seed business on fulfilment of the requirements mentioned below:
 - (1) The seed is identifiable to its kind or variety.

 - (2) The seed conforms to the standards as prescribed in the Minimum Standards for Seed and Planting Materials.

 - (3) The label on the container of such seed shall bear in writing:
 - (a) The kind or variety to which the seed belongs;
 - (b) Purity percentage;
 - (c) Germination percentage;
 - (d) Date of packaging;
 - (e) Date of expiry; and
 - (f) Seed treatment, if any.

 - (4) Other requirements as may be prescribed by National Seed Board from time to time.

Import of Seed

23. In accordance with the power vested upon Ministry under Section 21(1) of the Act, import of seed shall comply with the following requirements:

- (1) Upon fulfilment of the requirements under Plant Quarantine and Biodiversity law or other relevant laws, import of seed shall be allowed only for the following purpose:
 - (a) Commercial purpose;
 - (b) Private Growers;
 - (c) Research Purpose; and
 - (d) For multiplication and re-export.
- (2) Import of seeds shall require import permit from Bhutan Agriculture and Food Regulatory Authority.
- (3) Import license shall be required for commercial and multiplication and re-export of seed.
- (4) Import of notified kind or variety of seeds for direct sale in the country should meet the Minimum Standards for Seed and Planting Materials for certification.
- (5) Any import of genetically modified seeds shall be prohibited as per the Biosafety laws of the country.
- (6) No limitation will be imposed on the quantity of seeds that is imported into the country provided the consignment comply to the following requirements:
 - (a) Name and main characteristics of the kind or species/varieties;

- (iv) གྲිරෝක්දෘසාධීඩීඩාචුන්සාග් සුජාතා/චුනුයුන්සාග් දේ දේ දේ

- (b) Name and address of exporter with country/place of origin and agency responsible for its certification;
 - (c) The name and address of importer;
 - (d) Intended purpose of the imported seeds meet all the requirements referred in Plant Quarantine Laws;
 - (e) Except for research purposes, import of seeds of non-notified kinds or varieties shall be prohibited;
 - (f) Import of planting materials of non-notified kinds or varieties for Research and Demonstration purpose shall be permitted as per **Annexure VI**;
 - (g) Seeds of non-notified variety imported for multiplication and re-export will require approval from Varietal Release Committee prior to importation of such seeds;
 - (h) Import of non-notified variety of seed for re-export upon multiplication shall not be allowed to sell locally.
- (7) Seed shall be imported only through the official points of entry designated under Plant Quarantine Laws;
- (8) The samples from the consignment may be subject to quarantine inspection as per the Plant Quarantine laws upon arrival at the official point of entry;

- (9) Bhutan Agriculture and Food Regulatory Authority may allow import of seed certified by recognized foreign seed certification agency, provided, such seeds are of notified kinds and meets the requirements of Plant Quarantine laws and other relevant laws;
- (10) Import of seeds or planting materials of forestry and ornamental plant species listed in **Annexure VII** and **Annexure VIII** of this Rule, shall be allowed provided it meets all the requirements specified under this Rule;
24. Import of Agriculture, Horticulture, Fodder, Forestry and Ornamental species not listed in **Annexure V, VII and VIII** shall be considered case by case in consultation with the Department.

Hybrid Seeds

25. The National Seed Centre (NSC), Paro, under the Department of Agriculture will be the authorized agency for import and distribution of hybrid seeds.
26. Competent Private Seed companies or enterprises will also be allowed to import hybrid seeds based on the terms and conditions set by the Ministry of Agriculture and Forests.
27. The types or varieties of hybrid seeds to be imported shall be based on the recommendations of the Departments and approved by the National Seed Board. The VRC in consultation with relevant agencies shall develop proper guidelines and procedures for import of the hybrid seeds.

Export of Seed

28. All export of seed shall require a valid export license issued by the Department of Trade, Ministry of Economic Affairs.

SEED STANDARDS & CERTIFICATION

Seed Standards

32. In accordance with Section 5 of the Act, the Variety Release Committee shall fix and revise as deemed necessary, the minimum standards for seeds with respect to seed of any notified kind or variety.
33. Bhutan Agriculture and Food Regulatory Authority shall ensure sale of such seeds is properly packaged, marked and labeled in conformity with the minimum standards for seeds and planting materials.

Seed Certification Agency

34. In accordance with Section 7 of the Act, Bhutan Agriculture and Food Regulatory Authority shall function as the Seed Certification Agency.

Procedure for Seed Certification

35. The application for grant of certificate for sale of seeds shall be submitted to Bhutan Agriculture and Food Regulatory Authority in the format provided in **Annexure IX**.
36. Bhutan Agriculture and Food Regulatory Authority shall conduct field visits to ensure and verify that the prescribed seed standards are met and maintain inspection report as per the **Annexure X**.
37. Bhutan Agriculture and Food Regulatory Authority shall conduct sample testing to examine if the minimum seed standard is met.
38. Bhutan Agriculture and Food Regulatory Authority shall monitor and evaluate the quality of certified seeds and share the monitoring and evaluation report with the respective Departments.

CHAPTER V

SEED INSPECTION

48. In accordance with Section 14(1) and 14(2) of the Act, the Ministry designates Bhutan Agriculture and Food Regulatory Authority for inspection of seed for the purpose of implementing this Rule.

49. Bhutan Agriculture and Food Regulatory Authority shall conduct inspection of seed of notified kind or variety as per the Minimum Standards for Seed and Planting Materials.

Seed Inspector

50. A seed inspector exercises such powers as conferred under the Act and the Rule.

51. A Plant quarantine inspector under Bhutan Agriculture and Food Regulatory Authority may also function as a seed inspector.

52. A seed inspector while on duty shall carry an official identification card and should be produced on demand.

Powers of Seed Inspector

53. In accordance with Section 15 of the Act, a Seed Inspector shall exercise the following power:

- (1) Take sample of any seed of notified kind or variety from:
 - (a) A person selling such seed; and
 - (b) A person who is in the course of conveying, delivering or preparing to deliver such seed to a purchaser or a consignee.

དྲୟେ དྱନ୍ଦନ ପକ୍ଷିଶ ଲିଙ୍ଗ ରଷଦ ସଂଶୋଧନ କମିଟି ରଷଦ ରଷଦ ରଷଦ ରଷଦ

- (2) Enter and search at all reasonable times, any building premises or structure in which he believes that the evidence of commission of an offence is likely to be found, after obtaining a search warrant from the nearest Court of Law.
- (3) Order in writing the person in possession of any seed in respect of which the offence has been, or is being committed, not to dispose of any stock of such seed for a specific period not exceeding thirty days or, unless the alleged offence is such that the defect may be removed by the possessor of the seed, or seize the stock by giving receipt.
- (4) Examine any record, register, document or any other material object found in any place mentioned in Rule 52(2) of this Rule and seize the same and inform Bhutan Agriculture and Food Regulatory Authority of such a seizure.
- (5) Open any container in which any seed of any notified kind or variety may be contained or where any such seed may be kept for sale, or enter any premises with Court order to inspect if such seed of any notified kind or variety is stored.

Procedure for Seed Inspection by Sample Testing

54. In accordance with Section 16 of the Act, when a seed inspector intends to take a sample of any seed of any notified kind or variety for analysis under the circumstances mentioned in Rule 52(1), the inspector shall:

- (1) Give a notice in writing of such intention to the person from whom he intends to take the sample.
- (2) Take three representative samples of reasonable quantity of the consignment not exceeding 10% of the total amount of the seed stock.
- (3) Seal and mark each of the samples and package them using appropriate material indicating the following particulars:

- (a) Type of seed sample;
 - (b) The variety;
 - (c) Date when sample is taken;
 - (d) Dzongkhag, gewog, chiwog or entry point from where the sample is taken; and
 - (e) Purpose for what intention the sample is being taken should be included.
- (4) Ensure all three samples shall bear the seal and signature of both the seed inspector and the vendor or person from whom the seed sample is taken in a manner that can be detected if the seal is broken or tampered.
- (5) Out of three samples taken under Rule 53(2), the seed inspector shall:
- (a) Deliver one sample to the person from whom it has been taken;
 - (b) Send one sample for analysis to the Central Seed Testing Laboratory for analysis; and
 - (c) Retain the third sample in the office for record.

CHAPTER VI

SEED TESTING LABORATORY

Central Seed Testing Laboratory

55. In accordance with Section 12 of the Act, the Ministry by notification shall declare existing Seed Testing Laboratory as the Central Seed Testing laboratory for the purpose of fulfilling the provisions of The Seeds Act of Bhutan 2000.
56. The Central Seed Testing laboratory shall levy a fee as prescribed under the Schedule of fee, Annexure XII per sample for conducting seed testing, other than the samples submitted by the certification agency for purposes of seed quality regulation.
57. The Central Seed Testing Laboratory shall carry out analysis of seeds in a standard procedure for the purpose of certification to ensure that the minimum seed standards are met.
58. The Central Seed Testing Laboratory shall strive to comply with the standards of International Seed Testing Association for conducting the test or analysis.
59. The results of seed sample analysis or tests conducted by Central Seed Testing Laboratory shall be communicated to the Seed Inspector and the person from whom the sample has been taken within 3 working days after the completion of analysis or test.

Referee Seed Testing Laboratory

60. In accordance with section 13 of the Act, the Ministry shall by notification designate seed testing laboratories as the National and International Referee Seed Testing Laboratory identified by NSB for the analysis of the seed samples sent to it under section 17 of the The Seeds Act of Bhutan 2000.

61. The National Seed Board may identify any of the Seed Testing Laboratory as a Referee Seed Testing Laboratory, which will be accredited to International Seed Testing Association.
62. The applicant applying for Referree Seed Testing Laboratory outside the country shall bear the testing fee as per the requirement of the Referee Seed Testing Laboratory.

Report of Seed Testing Laboratory

63. In the event, the report of the Central Seed Testing Laboratory reveals that the seed sample does not conform to the prescribed minimum seed standards, the seed dealer shall be liable to pay fines prescribed in this Rule.
64. In the event, the seed dealer is not satisfied with the report of the Central Seed Testing Laboratory, the dealer or agencies may send the sample to National Referee Seed Testing Laboratory upon payment of prescribed fee under the Schedule of fee.
65. The seed dealer may upon payment of fee prescribed under the Schedule of fee or as required by the testing laboratory send the sample to international Referee Seed Testing Laboratory for analysis provided the sample is intact and is not tampered.

Procedure for Dispute Settlement

66. Any dispute arising from the result or report relating to laboratory analysis shall be dealt as follows:
 - (1) 'On disagreement of the Central and National Referee Seed Testing Laboratory's analysis result, the aggrieved applicant may on the written request and payment of fee send the third sample to the International Referee Laboratory for re-examination;
 - (2) Any cost for the analysis of the samples levied by the International Referee Laboratory shall be borne by the applicant; and

CHAPTER VII

OFFENCES AND PENALTIES

Liability of Seed Inspector

68. A Seed Inspector, who wrongfully without reasonable cause seizes seeds, records or other materials, or for any act done beyond the purview of this Rule shall be liable for action in accordance with Bhutan Civil Services Rules and shall not preclude criminal action under Penal Code of Bhutan.

Protection of action taken in good faith

69. A seed inspector shall not be liable for anything done by him in good faith for the purposes of enforcing the provisions of the Act or this Rule, or otherwise acting in the course of his duty.

Offence Relating to Sale of Seed

70. Any person who carry out any activities in violation to Rule 21 and 22 of this rule is an offence and shall be dealt as follows:

- (1) For the first offence, Bhutan Agriculture and Food Regulatory Authority shall seize the items and issue a written warning, and in collaboration with relevant agencies, explore the best alternative use of the seized consignment. In the event, no alternative use is found, such consignment shall be destroyed.

- (2) For the second offence, the consignment shall be confiscated and the license shall be suspended for six months and the violator shall be liable to pay a fine equivalent to the market value of the seed involved.

CHAPTER VIII

MISCELLANEOUS

Amendment

78. The Ministry may amend the provisions of this Rule and the Annexures from time to time.

Definitions

79. In addition to the definitions set out in Section 2 of the Act, for the purpose of this Rule, the following terms shall have the meaning ascribed to them hereunder:

“Act” means the Seeds Act of Bhutan 2000.

“Business” means business pertaining to seed of notified kind or variety and shall include carrying on the business of selling, keeping for sale, offering to sell, bartering or otherwise supplying seeds of any notified kind or variety.

“Certified Seed” includes all seeds as shall have been inspected during their period of growth and preparation for market by BAFRA, and found to conform to the requirements of the laws and regulations governing seed certification in the Kingdom and therefore certified; or such seeds as shall have been certified by a recognized foreign seed certification agency subject to the requirements of the laws and regulations governing seed certification in the Kingdom.

“Foreign Seed Certification Agency” means any seed certification agency of a foreign country recognized under this Rule.

“Genetically Modified Seeds” include seeds genetically engineered/modified or produced from transgenic plants.

“**षट्-षष्ठी-पदम्**” शृणु परामर्थी-पदम् गुणम् विषयः प्रतिपादनं तत्त्वोपलक्षणं विद्यन्ति विज्ञानात् अस्ति विशेषस्त्रियसंवैशालीना एवं परमानन्दं उत्पन्नम् ।

“**क्षेत्र-यजुर्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**मुख्यायाम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**गुण-पञ्चांश्यायाम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**षट्-षष्ठी-पदम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**मुख्यायाम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**गुण-पञ्चांश्यायाम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**क्षेत्र-यजुर्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“**मुख्यायाम्**” वेदम् विद्या एवं शृणु परामर्थी-पदम् ।

“Labeling” includes all labels, and other written, printed or graphic representations, in any form whatsoever, accompanying and pertaining to any seed whether in bulk or in containers, and representations on invoices.

“Minister” means the Minister responsible for the Ministry of Agriculture and Forests.

“Ministry” means the Ministry of Agriculture and Forests.

“Kind” means one or more related species or subspecies which singly or collectively is known by one common name, for example, corn, wheat, oats, alfalfa and paddy.

“Notified Kind or Variety” means any kind or variety notified under section 13 of this Rule.

“Rule” means the Seed Rules and Regulations of Bhutan, 2018.

“Seed Certification Agency” means the seed certification agency established under section 33 of this Rule.

“Sample” means randomly selected representative samples of the total seeds of the specific kind or variety.

“Seed” means any planting materials used for sowing or planting, and includes seeds of food, feed, oilseed, forages, vegetable crops, tubers, bulbs, rhizomes, roots, cuttings, ornamental and forestry plants and all type of grafts and other vegetatively propagated material for food, fiber and timber.

“Seed Treatment.” means the seed has received an application of a substance, or that the seed has been subjected to a process, for which a claim is made.

“Seed business” means buying and selling of the notified kind or varieties of seeds.

ANNEXURE I - A

A. Performa for Submission of Field Crop Variety Release Proposal

1. Name of the crop and species:

a) Name of the variety tested:

b) Proposed name of the variety:

2. Institution or agency developing the variety:

3. Person(s) involved in variety development:

4. Person(s) involved in in-country variety testing:

5. Variety Improvement

a) Parents/pedigree:

b) Source of materials in case of introduction:

c) Breeding methods:

d) Breeding objectives:

6. Justification for release

a) Specific areas of adaptation:

b) Are farmers already growing it, if so what is the area and number of farmers?

c) Recommended ecology/agro-ecological zones

(၁၂) ས୍ଵର୍ଗକ୍ଷେତ୍ର/ଘନାର୍ଦ୍ଧଶବ୍ଦକ୍ଷେତ୍ର

iv) ཁ්‍රාන්ත්‍යාධිකීර්ණයු උප්‍යුත්‍යාධිකීර්ණයු සංස්ක්‍රීත්‍යාධිකීර්ණයු

၁) ရွှေ့နှင့် တွေ့နှုန်းပေးပို့နဲ့၏ အီ/နောက်၏

କ) ଏଣେଣୁଷ୍ଠାନିକର୍ତ୍ତାଙ୍କୁ ପାଇଁ କୌଣସିଲ୍ କରିବାକୁ ପାଇଁ

୯ କୁନ୍ତାରୁଦ୍ଧାରାପାତ୍ରଙ୍ଗା (ଶବ୍ଦାଳିକା ଶବ୍ଦାଳିକା ଶବ୍ଦାଳିକା)

၅) ရွှေခါးရီးရီးနီး။ မြာ ၁၃။

(iv) དྲ୍ଵେ-ଘାର୍ଦ୍ଧ-ବନ୍ଦ-ଶର୍ମିଷ୍ଠ-ପଶୁ-ପହିର୍ ଓ ବନ୍ଦ-ବନ୍ଦ-ପ୍ରେର୍ଣ୍ଣି

୩) ସକ୍ଷୁଦ୍ଧ ୫୦ ତୁର୍କାପେଟ୍ରିଆ-ସର୍ବକାନ୍ତିର୍ଦ୍ଵାରା ରହେଥିଲାକିମାନ

၅) နှုန်းဆု (အေဒီ ၁၉၇၈ ခုနှစ်၊ မြန်မာနိုင်ငံ၊ ရန်ကုန်မြို့၊ ပြည်တော်လမ်း၊ အေဒီ ၁၉၇၈)

ཅ) ອົດໆກົດໆສາກຸສາໆສູ່ລົດສາໆກົດໆ ສັນເກີ້ວົດໆ ດຳກົດໆລົດໆລົງສາໆ? ສັບໆສື່ມື່ດົງໆພື້ນໆຕື່ກົດໆ
ດຳກົດໆລົດໆລົງສາໆພື້ນໆຕື່ກົດໆລົດໆລົງສາໆພື້ນໆຕື່ກົດໆລົດໆລົງສາໆ

କ) ଶ୍ରୀମିନ୍ଦ୍ରନାଥାଳୀଙ୍କୁସୁଧାର୍ତ୍ତମା(କିମ୍ବାଶବ୍ଦାଲ୍ଲାପିତା)

୭) ଶ୍ରୀରାମକୃତ୍ସମାଧିକାରୀଙ୍କରୁଷାମାନ୍ଦ୍ରପାତ୍ରଙ୍କାରୀଙ୍କାରୁ

7. Yield/performance data

- a) Yield data in regional/inter-regional/district trials year-wise (level of fertilizer application, density of plant population and superiority over local controls/standard variety to be indicated):
- b) Yield data from large-scale demonstrations from farmers' fields:
- c) Average yield under normal conditions (kg/ha):
- d) Agency responsible for maintaining breeders seeds:
- e) Quantity of breeders seed in stock:

8. Description of parents (if hybrid)

- a) Plant height: Female: Male:
- b) Distinguishing morphological traits
- c) Days to 50% flowering:
- d) Maturity (range in number of days - seed to seed)
- e) Is there any problem of synchronization? If yes, mention method(s) to overcome it.
- f) Reaction to major disease (under field conditions)
- g) Reaction to major insect pests (under field and controlled conditions including stored pests)
- h) Reaction to stresses

၃) ရီရာသာတန်ဖိုးရရှိချေမှု

၁) နွဲမြင်ရီရာတန်ဖိုး

၂) ပတ်ပစ္စာတန်ဖိုးပါယာများ

• တန်ဖိုးရီရာတန်ဖိုး

• တန်ဖိုးရီရာတန်ဖိုး

• တန်ဖိုးရီရာတန်ဖိုး

• တန်ဖိုးရီရာတန်ဖိုးပါယာများ

• တန်ဖိုးရီရာတန်ဖိုး

• အဲဒေသရီရာတန်ဖိုး

• အဲရီရာတန်ဖိုး

• အဲရီရာတန်ဖိုး ၁၀၀၀ ရီလိုက်

• အဲရီရာတန်ဖိုး

• အဲရီရာတန်ဖိုး

• ပက္ခာတန်ဖိုး

9. Description of variety

- a) Plant height
- b) Distinguishing morphological characteristics
 - Leaf width
 - Blade pubescence
 - Blade colour
 - Base leaf sheath colour
 - Leaf angle
 - Flag leaf angle
 - Culm angle
 - Culm strength
 - Panicle length
 - Panicle type
 - Panicle exertion
 - Shattering
 - Panicle threshability
 - Awning
 - Grain length
 - Grain width
 - Grain shape
 - 1000-grain weight
 - Days to 50% flowering

ଶତ୍ରୁଷା-ଶ୍ରେଷ୍ଠ-ଦକ୍ଷିଣ-ଶ୍ରୀ-ମିଶ୍ର-ଶଶୀ

- c) Maturity range in number of days – seed to seed
 - d) Maturity group (early, medium, late etc.)
 - e) Reaction to major diseases under field and controlled conditions
 - f) Reaction to major pests under field and controlled conditions
 - g) Agronomic features (e.g. Resistant to lodging and shattering; fertilizer responsiveness; suitability for early or late sown conditions; seed rate etc.)
 - h) Quality of produce of grain, forage/fiber including nutritive value
 - i) Reaction to stresses
10. Information on the acceptability of the variety by farmers, consumers, industry etc.
11. Specific recommendations if any for seed production
12. Any other pertinent information
