

PLANT PROTECTION ORDER, 1961

[L.N. 744/1961, L.N. 145/1962, L.N. 57/1963, L.N. 266/1964, L.N. 16/1968, L.N. 162/1969,
L.N. 285/1988, L.N. 130/1990.]

ORDERS UNDER SECTION 2

1. This Order may be cited as the Plant Protection Order, 1961.
 2. The abnormal conditions of plants specified in the First Schedule are declared to be diseases for the purposes of the Act.
 3. The pests specified in the Second Schedule are declared to be pests for the purposes of the Act.
-

FIRST SCHEDULE

[Paragraph 2.]

DISEASES

The disease commonly known as Egon Dieback.

<i>Colletotrichum coffeatum</i>	Coffee Berry disease.
<i>Fusarium stilbooides</i>	Coffee Bark Disease.
<i>Hemileia vastatrix</i>	Coffee Rust.
<i>Nemateospora coryli</i>	Coffee Bean disease.
<i>Pseudomonas solanacearum</i>	Bacterial wilt of potatoes.
<i>Ustilago scitaminea</i>	Sugarcane smut.
Mosaic virus of Sugar Cane.	
Tobacco Vein browning virus (Virus YN).	

SECOND SCHEDULE

[Paragraph 3.]

PESTS*Insect Pests**Othoptera:*

<i>Locusta migratoria migratorioides</i>	Migratory Locust
<i>Nomadacris septemfasciata</i>	Red Locust.
<i>Schistocerca gregaria</i>	Desert Locust.

Thysanoptera:

<i>Diatrothrips coffeae</i>	Coffee thrips.
-----------------------------------	----------------

Hemiptera:

<i>Adelges</i> spp.	Woolly Aphids.
<i>Antestiopsis</i> spp.	Coffee bug.
<i>Asterolecanium. coffeae</i>	Star scale.
<i>Bemisia</i> spp.	White fly.

[Subsidiary]

SECOND SCHEDULE—*continued*

<i>Lygus coffeae</i>	Capsid bug of coffee.
<i>Pineu</i> spp.	Woolly Aphids.
<i>Planococcus</i> spp.	Coffee mealybug.
<i>Cinara cupressi</i>	Cypress aphid
<i>Lepidoptera:</i>	
<i>Anagasta Kuhniella</i> Zeller	Grain and Flour moth.
<i>Aphomia gularis</i> Zeller	Almond moth.
<i>Busseola fusca</i>	Maize stem borer.
<i>Cadra Cautella</i> Walker	Grain and Flour moth.
<i>Chilo zonellus</i>	Maize stem borer.
<i>Corcyra cephalonica</i> Stainton	Grain and Flour moth.
<i>Endrosis</i> spp.	White shouldered moth.
<i>Epehestia calidella</i> Guenée	Grain and Flour moth.
<i>Epehestia elutella</i> Hubner	Tailed caterpillar.
<i>Epicampoptera andersoni</i>	Tobacco stem borer.
<i>Gnorimoschema heliopa</i>	Coffee leaf miner.
<i>Leucoptera</i> spp.	Stinging caterpillar.
<i>Parasa vivida</i>	Pink Bollworm.
<i>Platyedra gossypiella</i>	Indian meal moth.
<i>Plodia interpunctella</i> Hubner	Maize stem borer.
<i>Sesamia calamistis</i>	Augoumois grain moth.
<i>Sitotroga cerealella</i> Olivier	
<i>Coleoptera:</i>	
<i>Acanthoscelides obtectus</i> Say	Bean "weevil".
<i>Ahasverus advena</i> Waltl	Fungus beetle.
<i>Alphitobius</i> spp.	White borer.
<i>Anthores leuconotus</i>	Black borer.
<i>Apata monacha</i>	
<i>Araecerus fasciculatus</i>	Carpet beetle.
<i>Attagenus</i> spp.	West African borer.
<i>Bixadus sierricola</i>	
<i>Bruchus</i> spp.	Bean weevil.
<i>Callosobruchus</i> spp.	Flat grain beetle.
<i>Carpophilus</i> spp.	Groundnut seed beetle.
<i>Caryedon gonagra</i> Fabricius	Banana weevil.
<i>Cosmopolites sordidus</i>	Flat grain beetle.
<i>Cryptolestes</i> spp.	Hide beetle.
<i>Dermestes</i> spp.	Yellow-headed borer.
<i>Dirphyia nigricornis</i>	Tobacco beetle.
<i>Lasioderma serricome</i> Fabricius	Copra beetle.
<i>Necrobia rufipes</i> Degeer	Saw toothed grain beetle.
<i>Oryzaephilus</i> spp.	Greater grain borer.
<i>Prostephanus truncatus</i> horn	Spider beetle.
<i>Ptinus</i> spp.	Lesser grain borer.
<i>Rhizopertha dominica</i> Fabricius	

[Subsidiary]

SECOND SCHEDULE—*continued*

<i>Scyphophorus acupunctatus</i>	Sisal weevil.
<i>Sitophilus granarium</i> Linnaeus	Granary weevil.
<i>Sitophilus oryzae</i> Linnaeus	Rice weevil.
<i>Sitophilus Zeamais</i> Motsch	Maize weevil.
<i>Stegobium paniceum</i> Linnaeus	Drug Store beetle.
<i>Stephanoderes hampei</i>	Berry borer.
<i>Tenebrio molitor</i> Linnaeus	Meal worm.
<i>Tenebrio obscurus</i> Fabricius	Meal worm.
<i>Tenebroides mauritanicus</i> Linnaeus	Cadelle beetle.
<i>Tribolium castaneum</i> Herbst	Red flour beetle.
<i>Tribolium confusum</i> Jacquelin du Val	Confused Flour beetle.

Plant Pests

<i>Alectra vogelii</i>	
<i>Cuscuta</i> spp.	Dodder.
<i>Datura stramonium</i>	
<i>Lolium temulentum</i>	Darnel.
<i>Opuntia inermis</i> , and <i>Opuntia stricta</i>	Prickly Pear.
<i>Striga hermonthica</i>	Striga weed.
